# 1. Stronger Communities Programme Round 7 processes

## **The Stronger Communities Programme is designed to achieve Australian Government objectives**

This grant opportunity is part of the above grant program which contributes to the Department of Infrastructure, Transport, Regional Development and Communications Outcome 3. The Department of Infrastructure, Transport, Regional Development and Communications works with stakeholders to plan and design the grant program according to the [Commonwealth Grants Rules and Guidelines](#).

## **The grant opportunity opens**

Federal Members of Parliament (MPs) must establish a community consultation committee or consult an existing committee to assist in identifying applicants and projects. After consulting with the community, MPs will invite selected applicants to submit an application online. We publish the grant guidelines and other relevant applicant information on [business.gov.au](http://business.gov.au) and [GrantConnect](#).

## **Invited applicants complete and submit a grant application**

## **We assess all grant applications**

We assess the applications against all eligibility criteria.

## **Grant decisions are made**

The Program Delegate decides which applications are successful taking into consideration the proper use of public resources.

## **Notification of the outcome**

Your MP may advise you of the outcome of your application. We will provide written confirmation.

## **We enter into a grant agreement**

We will enter into a grant agreement with successful applicants and pay the grant.

## **Delivery of grant**

You undertake the grant activity as set out in your grant agreement. We administer the grant by working with you, monitoring your progress and making payments.

## **Evaluation of the Stronger Communities Programme**

The Department of Infrastructure, Transport, Regional Development and Communications evaluates the specific grant activity and Stronger Communities Programme as a whole. We base this on information you provide to us and that we collect from various sources.

## 2. About the grant program

The Stronger Communities Programme (the program) supports the Australian Government's commitment to deliver social benefits in communities across Australia by funding small capital projects in each of the 151 Federal electorates. The program is part of the government's 2021-22 budget initiatives focussed on making local economies stronger and boosting community organisations.

The objective of the program is to deliver social benefits for local communities. The intended outcomes of the program are to:

- encourage and support participation in local projects
- improve local community participation and
- contribute to vibrant and viable communities.

Community consultation is a critical element of the program. In consultation with their community, each Member of Parliament (MP) must identify potential applicants and projects in their electorate and invite them to apply for a grant. We will assess invited applications against the program's eligibility criteria through a closed non-competitive process.

Round 7 of the program will continue to support Australia's economic recovery from the COVID-19 pandemic. For this special round, grant funding will be up to 100 per cent of eligible project costs except for local governing bodies where grant funding will be up to 50 per cent of eligible project costs. Local governing bodies must provide matched funding contributions towards their eligible project.

We will publish the opening and closing dates for MP nominations and for the nominated organisations to apply for a grant and any other relevant information on [business.gov.au](https://www.business.gov.au) and [GrantConnect](#).

We administer the program according to the [Commonwealth Grants Rules and Guidelines](#) (CGRGs)<sup>1</sup>.

### 2.1. About the Stronger Communities Programme Round 7 grant opportunity

These guidelines contain information for the Stronger Communities Programme grants.

This document sets out:

- the eligibility and assessment criteria
- how we consider and assess grant applications
- how we notify applicants and enter into grant agreements with grantees
- how we monitor and evaluate grantees' performance
- responsibilities and expectations in relation to the opportunity.

The Department of Industry, Science, Energy and Resources (the department) is responsible for administering this grant opportunity on behalf of the Department of Infrastructure, Transport, Regional Development and Communications (DITRDC).

We have defined key terms used in these guidelines in the glossary at section 13.

You should read this document carefully before you fill out an application.

## 2.2. Community consultation

Each MP must either consult with an existing consultation committee or establish a new consultation committee comprised of representatives from the local community, to identify potential applicants and projects in their electorate. The identified projects must be consistent with the intended program outcomes and criteria. MPs must advise the department of the basis for project selection and provide a detailed list of nominated applicants and projects.

The MP will invite identified potential applicants to apply for a grant for identified projects by sending them a link to apply via the grant portal. Only applicants invited to apply can submit an application. Invited applicants must not forward the link to the application form to anyone else.

Invited applicants must submit a completed application via the portal. We assess all applications for eligibility and completeness.

An invitation to submit an application by your MP does not guarantee that your application will be successful.

MPs and their consultation committees are not responsible for the administration of the grants program.

## 3. Grant amount and grant period

The Australian Government has announced a total of \$22.7 million in 2021-22 for the Round 7 grant opportunity to provide up to \$150,000 in each of the 151 Federal electorates.

### 3.1. Grants available

Each electorate has total funding of up to \$150,000 that can be allocated to successful applications. A maximum of 20 projects will be funded in each electorate.

The grant amount will be up to 100 per cent of eligible project expenditure (grant percentage) except for local governing bodies where the grant amount will be up to 50 per cent of eligible project expenditure.

- The minimum grant amount is \$2,500.
- The maximum grant amount is \$20,000.

You are responsible for the remaining eligible project expenditure (where applicable).

For local governing bodies, total Commonwealth funding for the project cannot exceed 50 per cent of the total eligible project expenditure. Local governing bodies can fund their matched funding contribution from any other source including from state government.

### 3.2. Project period

You must complete your project no later than 31 December 2022.

You may start your project from the date you submit your application. Any project expenditure incurred prior to the date you submit your application is not eligible. We are not responsible for any expenditure you incur until a grant agreement is executed. If you choose to start your project before you have an executed agreement, you do so at your own risk.

When calculating the duration of the project, you should factor in additional time for product sourcing and purchasing delays, obtaining approvals, contracting tradespeople, possible weather

Not all expenditure on your project may be eligible for grant funding. The Program Delegate (who is a manager within the department with responsibility for the program) makes the final decision on what is eligible expenditure and may give additional guidance on eligible expenditure if required.

To be eligible, expenditure must be a direct cost of the project.

You must incur the project expenditure between the project start and end date for it to be eligible. You may start your project from the date you submit your application. Any project expenditure incurred prior to the date you submit your application is not eligible. We are not responsible for any expenditure you incur until a grant agreement is executed. If you choose to start your project before you have an executed agreement, you do so at your own risk.

## 6. How to apply

Before applying you should read and understand these guidelines, the sample [application form](#) and the sample [grant agreement](#) published on business.gov.au and GrantConnect.

You can only submit an application during a funding round.

To apply, you must:

- be invited by your MP to submit an application
- complete the online [application form](#) on the grants portal
- provide all the information requested
- address all eligibility criteria

- include all necessary attachments.

We may ask you to substantiate your project expenditure. You should have evidence for the costs that you include in your project budget to provide upon request.

You will receive confirmation when you submit your application. You should retain a copy of your application for your own records.

You are responsible for making sure your application is complete and accurate. Giving false or misleading information is a serious offence under the *Criminal Code Act 1995* (Cth). If we consider that you have provided false or misleading information we may not progress your application. If you find an error in your application after submitting it, you should call us immediately on 13 28 46.

If we find an error or information that is missing, we may ask for clarification or additional information from you that will not change the nature of your application. However, we can refuse to accept any additional information from you that would change your submission after the application closing time.

If you need further guidance around the application process, or if you are unable to submit an application online, [contact us](#) at [business.gov.au](http://business.gov.au) or by calling 13 28 46.

### 6.1. Attachments to the application

You must provide the following documents with your application (if applicable):

- evidence of your not for profit status
- trust deed
- letters of support from project partners for joint application.

You must attach supporting documentation to the application form in line with the instructions provided within the form. You should only attach requested documents. We will not consider information in attachments that we do not request.

### 6.2. Joint applications

We recognise that some organisations may want to join together as a group to deliver a project. In these circumstances, you must appoint a lead organisation. Only the lead organisation can submit the application form and enter into the grant agreement with the Commonwealth. The application should identify all other members of the proposed group and include a letter of support from each of the project partners. Each letter of support should include:

- details of the project partner
- an overview of how the project partner will work with the lead organisation and any other project partners in the group to successfully complete the project
- an outline of the relevant experience and/or expertise the project partner will bring to the group
- the roles/responsibilities the project partner will undertake, and the resources it will contribute (if any)
- details of a nominated management level contact officer.

You must have a formal arrangement in place with all parties prior to execution of the grant agreement.

### 6.3. Timing of grant opportunity

You can only submit an application between the published opening and closing dates. We cannot accept late applications.

Table 1: Expected timing for this grant opportunity

Activity	Timeframe
Assessment of applications	4-6 weeks
Approval of outcomes of selection process	4-6 weeks
Negotiations and award of grant agreements	1-3 weeks
Notification to unsuccessful applicants	2 weeks
Earliest start date of project	The date you submit your application
End date of grant commitment	31 December 2022

## 7. The grant selection process

Your MP, with the help of their community consultation committee, will identify potential projects, with a total value of up to \$150,000 in their electorate that are consistent with the program outcomes and eligibility criteria.

The MP will invite identified potential applicants to apply and send them a link to the online application form. It is important to note that being invited to submit an application by your MP does not guarantee that your application will be successful.

We will assess your application for completeness and against all the eligibility criteria. To be recommended for funding, your project must meet all eligibility criteria, provide value for money and be considered a proper use of public resources.

If the selection process identifies unintentional errors in your application, we may contact you to correct or clarify the errors, but you cannot make any material alteration or addition to your application.

### 7.1. Replacement nominations

If a nominated organisation is not eligible or the nominated project is not in the MP's electorate, we may seek a further nomination from the relevant MP for an alternative project in their electorate or for the same project from an eligible sponsor organisation to replace the ineligible nomination during the application open period.

The nominated organisation and replacement project must meet all the eligibility criteria to be recommended for funding.

For this round of the program, the replacement nomination process runs concurrently within the application opening and closing dates. There is no additional opportunity for replacement nominations after the round closes.

### 7.2. Who will approve grants?

The Program Delegate decides which grants to approve taking into account the application assessment, availability of grant funds and whether funding a project will be a proper use of public resources. When assessing whether the application represents value with relevant money, the Program Delegate will have regard to the overall objectives of the grant opportunity, the evidence provided to demonstrate how your project contributes to meeting those objectives and the relative value of the grant sought.

The Program Delegate's decision is final in all matters, including:

- the grant approval
- the grant funding to be awarded
- any conditions attached to the offer of grant funding

We cannot review decisions about the merits of your application.

The Program Delegate will not approve funding if there is insufficient program funds available across relevant financial years for the program.

## 8. Notification of application outcomes

Your MP may advise you of the outcome of your application and we will provide you with notification in writing. If you are successful, we will advise you of any specific conditions attached to the grant.

If you are unsuccessful, we will give you an opportunity to discuss the outcome with us.

## 9. Successful grant applications

### 9.1. Grant agreement

You must enter into a legally binding grant agreement with the Commonwealth. We use two types of grant agreements in this program. Our selection will depend on the size and complexity of your project. Each grant agreement has general terms and conditions that cannot be changed. Sample [grant agreements](#) are available on [business.gov.au](http://business.gov.au) and GrantConnect.

We will manage the grant agreement through the portal. This includes issuing and executing the agreement. Execute means both you and the Commonwealth have accepted the agreement. We cannot make any payments until a grant agreement is executed.

The approval of your grant may have specific conditions determined by the assessment process or other considerations made by the Program Delegate. We will identify these in the offer of funding.

If you enter an agreement under the program, you cannot receive other grants for the same activities from other Commonwealth granting programs.

The Commonwealth may recover grant funds if there is a breach of the grant agreement.

### 9.2. Approval letter grant agreement

We will use an approval letter grant agreement when we have no need to clarify or amend any details in your application form. This grant agreement comprises your completed application and the letter of agreement we provide with attached terms and conditions. We consider the agreement to be executed (take effect) from the date of our letter of agreement.

### 9.3. Exchange of letters grant agreement

We will use an exchange of letters grant agreement when we need to clarify or amend details in your application form. We will provide you with a letter of agreement with attached terms and conditions. You accept the agreement through the portal.

You will have 30 days from the date the grant agreement is issued to execute the grant agreement with the Commonwealth. The offer may lapse if both parties do not accept the grant agreement within this time.

#### 9.4. Project/Activity specific legislation, policies and industry standards

You must comply with all relevant laws and regulations in undertaking your project. You must also comply with the specific legislation/policies/industry standards that follow. It is a condition of the grant funding that you meet these requirements. We will include these requirements in your grant agreement.

In particular, you will be required to comply with:

- State/Territory legislation in relation to working with children.

#### 9.5. How we pay the grant

The grant agreement will state the:

- maximum grant amount we will pay
- proportion of eligible expenditure covered by the grant (grant percentage)

We will pay 100 per cent of the grant on execution of the grant agreement. At the completion of the project you will be required to report how you spent the grant funds. For local governing bodies, you will also need to report how you spent your matching funds contribution.

#### 9.6. Tax obligations

If you are registered for the Goods and Services Tax (GST), where applicable we will add GST to your grant payment and provide you with a recipient created tax invoice. You are required to notify us if your GST registration status changes during the project period. GST does not apply to grant payments to government related entities<sup>2</sup>.

Grants are assessable income for taxation purposes, unless exempted by a taxation law. We recommend you seek independent professional advice on your taxation obligations or seek assistance from the [Australian Taxation Office](#). We do not provide advice on tax.

## 10. Announcement of grants

We will publish non-sensitive details of successful projects on GrantConnect. We are required to do this by the [Commonwealth Grants Rules and Guidelines](#) unless otherwise prohibited by law. We may also publish this information on business.gov.au. This information may include:

- name of your organisation
- title of the project
- description of the project and its aims
- amount of grant funding awarded
- Australian Business Number
- business location
- your organisation's industry sector.

---

<sup>2</sup> See Australian Taxation Office ruling GSTR 2012/2 available at ato.gov.au

## 11. How we monitor your grant activity

### 11.1. Keeping us informed

You should let us know if anything is likely to affect your project or organisation.

We need to know of any key changes to your organisation or its business activities, particularly if they affect your ability to complete your project, carry on business and pay debts due.

You must also inform us of any changes to your:

- name
- addresses
- nominated contact details
- bank account details.

If you become aware of a breach of terms and conditions under the grant agreement you must contact us immediately.

You must notify us of events relating to your project and provide an opportunity for the Minister or their representative to attend.

### 11.2. Reporting

You must submit reports in line with the grant agreement. We will provide the requirements for these reports as appendices in the grant agreement. We will remind you of your reporting obligations before a report is due.

#### 11.2.1. End of project report

When you complete the project, you must submit an end of project report.

End of project reports must:

- include the agreed evidence as specified in the grant agreement
- identify the total eligible expenditure incurred for the project
- include a declaration that the grant money was spent in accordance with the grant agreement and to report on any underspends of the grant money
- be submitted by the report due date.

#### 11.2.2. Ad-hoc reports

We may ask you for ad-hoc reports on your project. This may be to provide an update on progress, or any significant delays or difficulties in completing the project.

### 11.3. Independent audits

We may ask you to provide an independent audit report. An audit report will verify that you spent the grant in accordance with the grant agreement. The audit report requires you to prepare a statement of grant income and expenditure. The report template is available on [business.gov.au](http://business.gov.au) and GrantConnect.

### 11.4. Compliance visits

We may visit you during the project period, or at the completion of your project to review your compliance with the grant agreement. We may also inspect the records you are required to keep under the grant agreement. We will provide you with reasonable notice of any compliance visit.

## 11.5. Grant agreement variations

We recognise that unexpected events may affect project progress. In these circumstances, you can request a variation to your grant agreement, including:

- extending the timeframe for completing the project
- changing project activities

Note the program does not allow for an increase of grant funds.

If you want to propose changes to the grant agreement, you must request the change through the portal. We will only consider a request for a variation submitted before the project end date.

You should not assume that a variation request will be successful. We will consider your request based on factors such as:

- how it affects the project outcome
- consistency with the program policy objective, grant opportunity guidelines and any relevant policies of the department
- availability of program funds.

## 11.6. Evaluation

The DITRDC will evaluate the grant program to measure how well the outcomes and objectives have been achieved. They may use information from your application and project reports for this purpose. They may also interview you, or ask you for more information to help them understand how the grant impacted you and to evaluate how effective the program was in achieving its outcomes.

The DITRDC may contact you up to two years after you finish your project for more information to assist with this evaluation.

## 11.7. Grant acknowledgement

If you make a public statement about a project funded under the program, including in a brochure or publication, you must acknowledge the grant by using the following:

‘This project received grant funding from the Australian Government.’

If you erect signage in relation to the project, the signage must contain an acknowledgement of the grant.
